

  
**CASTELLO DI  
ALBOLA**  
RADDA IN CHIANTI

In the ancient lands of Castello di Albola, once ruled by the noble Houses of Tuscany, namely the Pazzi, the Acciaiuoli and the Ginori Conti, the vine has flourished for centuries, and in the sublime beauty of these landscapes it yields perfect fruit. The high altitude, the diversity and suitability of the soils for wine growing, and the perfect exposure form a unified whole, a 'radiant jewel' that shines with its own light against the glittering treasure trove that is Chianti Classico, with its sloping hillside vineyards, historic buildings and artistic treasures. This outstanding Estate requires daily dedication and constant care, and rewards those who love it with wines that are truly extraordinary: striving to match the splendour of Castello di Albola, they are authentic and seductive and demand devotion and thoughtful meditation.

### VINTAGE CONDITIONS

A cool spring followed by a long hot summer season delivered good temperature-variation between day and night. These diurnal rhythms brought optimal conditions for grape ripening. Rainfall in June and September meant that from veraison to harvest water reserves remained healthy and caused no undue hydration stress whilst fresh breezes diminished the risk of fungal disease.

### VINIFICATION AND AGEING

The hand harvested grapes are vinified with a continued attention to detail typical of traditional fermentation methods. The presence of skins during this process enhances the unique character of the Castello di Albola estate vineyards and the terroir of Radda in Chianti. The wine spends 12 months in Slavonian oak barrels where malolactic fermentation occurs and this is followed by bottle ageing.
